EDUCATION

Bachelor of Science in Electrical and Electronic Engineering

- Green University of Bangladesh (GUB)
- CGPA: 3.70 / 4.00
- 2018 -2022

Diploma In Electrical Engineering

- Computer Science & Business Studies Institute, Bogura (CSBSI)
- Bangladesh Technical Education Board (BTEB)
- CGPA: 3.12 / 4.00
- 2013 -2017

Secondary School Certificate

- Tilakpur High School, Joypurhat
- Board of Intermediate and Secondary Education, Rajshahi
- Science
- GPA: 4.56 / 5.00
- 2013

LANGUAGE

- Bangla – Native proficiency
- English – Professional working

EXPERTISE

Software & Tools:

- Microsoft Office Suite (Word, Excel, PowerPoint)
- AutoCAD (Electrical Drafting & Layout)
- MATLAB (Simulation & Analysis)
- Canva (Creative Design & Visuals)
- Adobe Photoshop (Basic Image Editing)
- Proteus (Circuit Design & Testing)

ABOUT ME

A result-oriented EEE graduate with hands-on experience in captive power plant energy audits and project management. Skilled in data analysis, technical reporting and cross-functional collaboration. I hold an ABC Electrical Supervisor Licence issued by the Electricity Licensing Board (ELB), Bangladesh. I thrive in dynamic environments and am committed to engineering excellence and sustainable solutions.

WORK EXPERIENCE

Project Coordinator

Aug 2024 – Present

Fast Engineering Solutions Limited, Dhaka

- Leading & supervising 15+ energy audit projects for captive power plants.
- Collected and analyzed energy data from CPP sites and prepared 20+ Energy Audit reports for BERC licensing.
- Supervising LPS, Substation and Solar installation works, ensuring safety and compliance standards.
- Managing client communication for business development.

Trainee Engineer

June 2024 – Aug 2024

Fast Engineering Solutions Limited, Dhaka

- Assisted in collecting data from power plants for energy audits.
- Responded to plant inquiries and resolved technical issues under supervision.
- Supported the audit team in preparing energy audit reports.
- Client Management for developing business effectively.

Office Coordinator

Jan 2022 – June 2024

Dishari Foundation, Khilkhet, Dhaka

- Managed daily administrative tasks including emails, calls and meeting schedules.
- Assisted in budget planning, financial reporting and file management.
- Provided front-desk support, data entry and clerical assistance to all departments.
- Coordinated internal communications and supported team workflow to ensure smooth operations.

Assistant Teacher – Mathematics (Part-time)

Jan 2023 – Dec 2023

Dishari School, Khilkhet, Dhaka

- Assisted in teaching math concepts.
- Provided individual support to slow learners and helped improve their basic numeracy skills.
- Assisted with classroom activities, lesson prep and student assessments.
- Used visual aids and examples to simplify math concepts.

Engineering & Technical Skills:

- Electrical Circuit Design & Troubleshooting
- Energy Audit Support & Data Collection
- Project Coordination
- Technical Report Writing
- Industrial Automation (Basics)

Soft Skills:

- Strong Communication & Presentation
- Time Management & Multi-tasking
- Team Collaboration & Client Interaction
- Problem Solving & Adaptability

ACHIEVEMENT & AWARDS

- Vice Chancellor's Award, Summer 2021, GUB
- Dean's Award, Spring 2021, GUB
- Certificate of participation Inter-Department quiz competition, Fall-2020, GUB
- Third Place - Battle of Brains (The Series Edition 2020), GUB

ACADEMIC PROJECTS & THESIS

Undergraduate Project:

IoT-Based Home Automation System with Manual Switch Integration

- Developed a smart home system using Arduino, relays and Wi-Fi modules for real-time remote appliance control with manual switch support.

Undergraduate Thesis:

Feasibility analysis of floating solar power plant at Hatirjhil, Dhaka

- Conducted a technical and economic feasibility study on installing floating solar panels on Hatirjheel Lake to promote sustainable urban power generation.

TRAINING & CERTIFICATIONS

ABC Electrical Supervisor Licence

Jan 2026 – Jan 2027

Electricity Licensing Board, Bangladesh (Office of the Chief Electric Inspector)

- Awarded the ABC Electrical Supervisor License under the Electricity Licensing Board Rules, 2022.
- Authorized to supervise High Voltage, Medium Voltage and Low Voltage electrical installation works across industrial, commercial and residential facilities.

Industrial Attachment Training

Aug 2017 – Oct 2017

SwitchCon Engineering, Bogra

- Completed practical training on Low and Medium Voltage Industrial Switchgear, including protection systems and panel wiring.
- Built a solid foundation in industrial safety, circuit design and electrical equipment handling.

Industrial Attachment Training

Aug 2017 – Oct 2017

Development Design Consultants Ltd. (DDCL), Bogra

- Completed a structured industrial training program as part of the Diploma in Electrical Engineering, emphasizing real-world electrical system applications.
- Gained hands-on experience in electrical planning, installation and safety practices within an engineering consultancy environment.

Database Programming (360 Hours)

Jul 2017 – Dec 2017

Cybertech Computer Education, Bogra (BTEB)

- Mastered Microsoft Office tools and basic database management with hands-on project experience simulating real-world office environments.
- Achieved an A+ in the National Skill Standard Basic Course Examinations.
